² .3WOOD/

Dall'attenta osservazione delle essenze del legno, nel tentativo di riprodurle fedelmente, si sviluppa il progetto 3Wood.

Il nome indica fedelmente il percorso di ricerca che è stato effettuato: 3 sono le essenze legno che sono state unite - noce, rovere, frakè - nel chiaro intento di costruire un prodotto di tipo "fusion" per ottenere una superficie Wood originale.

/ The 3Wood project grew out of a careful observation of the essence of wood and an attempt to reproduce it faithfully. The name refers directly to the research process that we undertook. We fused three types of wood (walnut, oak and frake) to create an original wood surface.

L'aspetto, le sensazioni tattili e i segni delle venature ed i colori proposti richiamano i tipici timbri delle assi di legno, quali il marrone e il beige, mentre nelle tonalità del grigio e del bianco rievocano l'idea dell'asse di legno sbiancato, rivisitato.

/The look, tactile feel, grain and colours recall the classic aspect of wooden boards, with the brown and beige colours, whilst the grey and white recall whitewashed floor boards.
